

Community Leadership Scholarship Reference

In a world where it is important to have people who have positive influences on others, we believe that it is important to recognize graduating students who demonstrate leadership behaviours in their family, their school, and in their community.

To qualify for one of the three \$1,000 Scholarships to be awarded, applicants must:

- Attend a high school in one of the communities we do business in
- Complete an application form
- Provide proof of enrollment in a post-secondary educational institution
- Provide one reference from a non-family member

All winners will be selected in time for the scholarships to be presented at the Graduation Ceremony.

As someone who knows the Scholarship Applicant, but isn't a family member, we would like you to share how you have seen this applicant demonstrate community values and leadership.

REFERENCE	
Applicant's Name	
Your Name	
What is your relationship to the applicant? Ex: employer, coach, mentor, teacher, volunteer peer, etc.	
Share your thoughts on how the applicant positively influences others and demonstrates leadership behaviours in their family, their school, and their community.
